Marshal Classes

Youth Combat Marshal

Saunooke Johnson

The mission of the Youth Combat Program is to provide a safe and fun environment where the youth of the S.C.A. can participate in martial activities, mirroring adult Armored Combat, at a level appropriate to their age. The goal is to introduce and reinforce the ideals of chivalry, honor, courtesy, service, and heraldic pageantry, both on and off the list field. The program stresses good sportsmanship and parental participation. It is designed to allow the youth to learn more about all aspects of the Society and above all, HAVE FUN!

Heavy Combat Marshal

Saunooke Johnson

The goal of the Armored 101 class is to provide individuals with the basic background required to begin a successful journey toward a marshal's warrant. It is not an instruction in all rules of armored combat. This course provides background in managing authorizations, interacting with combatants, and conducting inspections. It does not overlap with Field 201, also required of all marshals.
